Hullo Phil. We'll be sending an advisory out very shortly.

Thanks, R.

Subject: administrator's visit to Colorado

Hello, EPA. I am continuing the cover the spill of mining waste from the Gold King Mine in Silverton, Colo., for E&E. I understand Administrator McCarthy is travelling to Colorado and

New Mexico today to meet with communities affected by the spill. Can you tell me whether the administrator will be holding any press events or whether she will be issuing a statement after meeting with responders and stakeholders?

Thank you!
